

# Severe Workplace Injuries in the United States 2015 - 2017

21,487 injuries in the US workplace were reported to the Occupational Safety and Health Administration (OSHA) between 2015 and early 2017.

For each injury case filed, a “Final Narrative” is written to briefly summarize the injury event. The charts below show the top 10 most unique\* words to each industry’s final narrative.

## Important Words in Injury Case Narratives by Industry
